Distinguish Evaluation Committee,

Thank you for your comments, recommendations, and notes.

Though we might diverge on the details, we agree with you regarding the core issues brought up in the evaluation. We believe that the Final Report will help further increase the quality of the Institute's work, and will certainly take your comments on board in the coming months and years.

RNDr. Martin Vagner, CSc.

Director

Institute of Experimental Botany, Czech Academy of Sciences, v. v. i.
