Prof. Ing. Emil Pelikán, CSc., Director

ref. number: UI/A/94/2021   Prague, June 30, 2021

Statement from the director

on the Final report of the Institute of Computer Sciences, Czech Academy of Sciences

We would like to thank the evaluation committee for the time and effort provided in evaluating our institute. We would also like to thank them for their valuable comments and recommendations, which will indeed be used for the further development of the Institute and in making our future strategic decisions.

In particular, we are honored by the high appreciation of our activities in the area of high-performance computing and the suggestion that Czech Academy of Sciences, and the Institute of Computer Science in particular, has excellent potential in this direction. With sufficient strategic long-term support from Czech Academy of Sciences, we would be ready to take the lead/participation in this initiative.

We are also honored to have received a highly positive evaluation of the Complex Systems Team (No. 5), but regret that our suggestion to categorize the team as "Strengthen the support of the team" was declined by the evaluation committee.

Sincerely

Emil Pelikan, ICS Director
